

May's Central Beaverton NAC minutes to be approved at June, 7th meeting

CENTRAL BEAVERTON NAC MEETING MINUTES FOR MAY 3, 2010

ITEM DISCUSSED: Beaverton Police Department

DATE: 5-3-2010

Discussion Points: Beaverton Police overview of calls/activity for the month

There is no follow-up on the woman who was assaulted at 217/Canyon Rd; although there is a forensic sketch artist involved.

Trends in crime:

Crime is down 6.7%; a decrease from this time last year

There is an increase in psychiatric case drop-offs at hospital ER's.

There is a woman who likes to go to the overpass at Denny Rd and try to jump. Officers have caught her three times trying to jump; one officer actually grabbed her as she was about to jump.

Call about questionable house. First received call of trouble in the home, then another call telling officer NOT to come. The next night they received an overdose call at the same address then a subsequent call saying NOT to come; officers responded anyway and found man lying on floor not responding; man was minutes from death, but due to the quick action of officers he was saved.

We currently have 2 officers on bikes; they cover the transit stations, as well as riding the Max trains

It is a crime to drink alcohol in public in Beaverton; punishable by up to 6 months in jail.

Homeless and thefts/panhandling/disturbing the peace, is bigger issue in other cities, not really a problem in Beaverton

Member: Tim Mowery is concerned about traffic problems on major thoroughfares, such as Canyon, TV Hwy, and Farmington. He suggests a "reward" system for going the speed limit on such roads, which will give you the green light if you go the speed limit. Mayor Denny Doyle is working on a similar system called the "Smart Light". Please see the PDF file on the City Site under Senior Traffic Planning for more info on the "Smart Light"

ITEM DISCUSSED: Jordon Imlah

DATE: 5-3-2010
